

NIOA TROPHY WINNERS DOWN THROUGH THE YEARS

When it was decided to use the Stott Cup as the trophy for the M40 winner of NIOC each year, it drew to the attention of Noel Bogle that all the other trophies were called after trees, a fact probably not known by many members. He also had a list of all previous winners which we thought might be of interest to those thinking of competing at Banagher in September. You will notice that some names keep recurring and even move up classes as the years progress. Other names occur of people who have been with us for a short time only. Unfortunately I only have the surnames here but you may be able to put a name to the initial. Perhaps this year *your* name will be added to the roll of honour.
