

Northern Ireland Urban League | Scoring System

The NIUL series puts every competitor on an equal footing with respect to age and gender. With the exception of M21, your race time is reduced by a factor which aims to create a level playing field. A W70, after their adjustment is applied, may well have a better time than an M21.

Example:

- M21 finishes in 25:00 minutes
- W70 finishes in 50:00 minutes
- W70 time is multiplied by 0.48
- W70 adjusted time is 24:00 minutes

the result is that W70 beats M21 and that is the spirit of the NIUL!

Race points are awarded as the $100 * (\text{best adjusted time} / \text{your adjusted time})$.

Your race time is reduced by multiplying it by the adjustment factor for your age and gender
